

THE PROMOTION OF ACCESS TO INFORMATION

Act 2 of 2000 Section 51 Manual

JUNE 2025 | VERSION: 6

1 INTRODUCTION

Section 32 of the **Constitution of South Africa** provides that everyone has the right to access any information held by the State or a private body that is required for the exercise or protection of any rights, except where PAIA expressly provides that the information must not or need not be released.

It also prescribes that national legislation (PAIA) must be enacted to give effect to this right, and may provide for reasonable measures to alleviate the administrative and financial burden on the State. In the event that a request is made, the said person/body must release such information speedily, inexpensively and effortlessly as reasonably possible.

2 PURPOSE OF THE MANUAL

The Promotion of Access to Information Act 2 of 2000 (commonly known as PAIA) is South Africa's access to information law and it enables people to gain access to information held by both public and private bodies. All organisations in South Africa must comply with it.

The Requester shall be informed whether access has been granted or denied in writing. If, in addition, the Requester requires the reasons for the decision in any other manner, he must state the manner and the particulars so required.

If an individual is unable to complete the prescribed form because of illiteracy or disability, such a person may make the request orally.

The Requester must pay the prescribed fee, before any further processing can take place.

7 ACCESS TO HEALTH INFORMATION OR RECORDS

Where a request is made for access to information or a health record about the physical or mental health or wellbeing ("health information or records") of the requester or person acting on behalf of a person to whom a record relates, and the Information Officer is of the opinion that the direct disclosure of such health information or record would cause serious harm to the requester's physical and/or mental health or wellbeing, the Information Officer may, before granting the request for access, consult with a health practitioner nominated by the requester. The following conditions apply for nominating a health practitioner:

- If the requester is under the age of 16 years, then a person having parental responsibilities must nominate the health practitioner.
- If the requester is incapable of managing their own affairs, then a legal representative or other person appointed by the court to manage their affairs must nominate the health practitioner.

If the health practitioner is of the opinion that the disclosure of the health information or record would likely cause serious harm to the requester's physical and/or mental health or wellbeing, the Information Officer may only grant access to the health information or record if the requester proves, to the satisfaction of the Information Officer, that adequate provision has been made for counselling or other arrangements before, during or after the disclosure of the health information or record to alleviate or avoid the harm to the requester.

Before the requester is given access to the health information or record, the person responsible for such counselling or arrangements must be given access to the health information or record.

8 PRESCRIBED FEES

In terms of PAIA, a prescribed fee may be levied for any requests to access of any records. The request fee is not applicable to personal requests i.e. records containing personal information that concerns the Requestor.

An access fee is payable by all Requestors when access is granted. The purpose of this fee is to reimburse the

private body for the costs involved in searching for the record and preparing it for delivery to the Requestor.

Prescribed fees for public bodies can be accessed on www.justice.gov.za/PAIA

9 RECORDS THAT CANNOT BE FOUND OR DOES NOT EXIST

In the event that a record is requested and could not be found **section 55** of PAIA stipulates that, if:

- all reasonable steps have been taken to find a record requested, and there are reasonable grounds for believing that the record, is in the private body's possession but cannot be found; or
- does not exist.

The head of a private body must, by way of affidavit or affirmation, notify the Requester that it is not possible to give access to that record.

If the document cannot be found, it is deemed to be a refusal of the request. If, however, the record is later found, the Requestor must be given access if the request would otherwise have been granted.

10 DECISIONS ON REQUEST

On receipt of a request, the private body to which the request is made must decide in accordance with PAIA to grant the request and notify the Requestor of the decision and must state:

- the access fee (if any) to be paid upon access
- the form in which access will be given; and
- that the Requester may lodge an application with a court against the access fee.

Should the request be refused the private body in question must:

- State adequate reasons for the refusal, including the provisions of the Act relied on.
- Exclude, from any such reasons, any reference to the content of the record.
- State that the Requester may lodge an application with a court against the refusal of the request, and the procedure (including the period) for lodging the application.

ANNEXURE A

FORM 02: REQUEST FOR ACCESS TO RECORD [REGULATION 7] - PUBLIC & PRIVATE BODIES

Form 02 is a prescribed document under PAIA, which allows individuals to formally request access to specific records held by both public and private bodies in South Africa. This form is used to initiate the process of obtaining information and is an essential tool for individuals seeking access to records that may not be readily available to the public.

FORM 03: OUTCOME OF REQUEST AND OF FEES PAYABLE [REGULATION 8] - PUBLIC & PRIVATE BODIES

Form 03 is another prescribed document under PAIA, designed to provide requesters with information about the outcome of their access request and any associated fees that may be payable for obtaining the requested records. This form is applicable to both public and private bodies and serves to ensure transparency and accountability in the access-to-information process.

FORM 04: INTERNAL APPEAL FORM [REGULATION 9] - PUBLIC BODIES ONLY

Form 04 is a specific prescribed form under PAIA meant exclusively for use by public bodies in South Africa. This form allows individuals who have been denied access to information by a public body to file an internal appeal.
